

SEAL OF EXCELLENCE

We have introduced a new program at SAMS which is called “Seals of Excellence”. This program is a Positive Behavioral Support Program that places an emphasis on encouraging and rewarding students who exhibit responsible, respectful, and safe behaviors and attitudes towards their peers and adults alike. The program is coordinated through the Assistant Principal’s office and works the following way.

1. Day 1 of each academic cycle, randomly selected staff members will receive a “Proudly Announcing” card. When a student is identified by one of these staff members doing something responsible, respectful, or safe, the student will be given the card and recognition for what they are doing well.
2. Students will take the card to the main office and will be permitted to select a number between 1-200. The number they select will be their spot on the “prize board”. (Think of a bingo card, but much larger)
3. When 10 students have “seals” on the prize board which complete a horizontal, vertical, or diagonal row, those students win the “Mystery Motivator” prize. Prizes may range from gift cards to local stores and restaurants to fun “extra” experiences here at SAMS.

After students receive and submit their card to the main office, the “Proudly Announcing” cards will be mailed to each student’s home to inform you, the parent/guardian, of the positive actions your son/daughter is exhibiting here at SAMS.
