

## Cumulative COVID-19 DATA: Beginning of Year - April 2021

### Points of Consideration:

- These statistics include students and staff.
- The joint efforts of the district and community have resulted in effective mitigation and consistent in-person learning opportunities for our students.
- As of November 9, 2021, the SASD will contact trace students and staff based upon its data for mitigating COVID. Household contacts and symptomatic individuals will be emphasized with asymptomatic students and staff no longer being required to quarantine automatically.
- Unique situations will be evaluated on an individual basis and may result in necessary quarantining.
