

# **Assistant Superintendent Goals**

**Selinsgrove Area School District  
2022-2023 School Year**

## **Address Learning Loss/Meeting Students' Needs**

The Selinsgrove Area School District will meet students' academic and social needs through enhanced engagement, and increased remediation efforts. Instructional, curricular, and programmatic decisions will be based on analysis of multiple data points.

## **Stakeholder Input**

Stakeholder input will inform and assist in the process of developing a targeted approach for the District's enhanced programming.

## **Professional Development**

The Selinsgrove Area School District will develop a professional development approach which focusses on the specific needs of individuals and aims to provide more opportunities for personalized growth.

## **2022-2023 Curriculum Goal**

The Selinsgrove Area School District will begin a systemic review of our curriculum with the goal of reviewing and revising grade-level and content-specific curriculum maps/documents over a multiple year process.
