**DIRECTIONS:**

- 1) Identify the courses you plan to take by **circling or highlighting the course number/name** and putting the credit value of the course in the "**Credit Total**" column. (The course names, numbers, and descriptions can be found in the Course Selection Guide.)
2. A total of **8** credits must be scheduled for the freshmen year.
3. You **must** also select **2** alternate credits in the event that your first choices of elective credits are unable to be scheduled.

**Required** courses are selected below. Elective and alternate courses are on the back of this sheet. **BE SURE TO SELECT REQUIRED, ELECTIVE and ALTERNATE COURSES.**

As a suggestion to aid both parents and students in course selections, 8th grade teachers may initial the course they feel is most appropriate for students. Recommendation can also be viewed in the Sapphire Portal.

\*Both course numbers **MUST** be selected along with a required signature from 8th Grade Teacher.  
# If English Fundamentals is scheduled, **English 1 MUST ALSO BE SCHEDULED**.  
+Algebra 1 A/B - Taking this class **DOES NOT** give you two math credits. While it is a two credit course, one credit counts as a math credit, the second credit is counted as an elective credit.

You **must** select 1-3 credits of **ELECTIVE** classes dependent upon the number of **REQUIRED** credits selected on the front page. You **must** also select two credits of **ALTERNATE** courses in the event that your first choices of elective credits are unable to be scheduled.
