Frequently asked questions

What do I do if I can't find my child's birth certificate?

Answer: You may send for a copy of your child's birth certificate. We suggest you do this immediately as it sometimes can take up to six weeks to receive it. You may apply online for a Pennsylvania birth certificate or download a form using the website: www.health.state.pa.us/vitalrecords.

What do I do if I can't locate my child's immunization record?

Answer: You will need written documentation. Please contact your child's physician to receive a copy. This is also a good opportunity to discuss your child's shot record and to make an appointment for any immunizations that your child will need and to schedule your child's physical if you are having it done privately.
