Selinsgrove is located in the central part of Pennsylvania, along US Routes 11-15 and the Susquehanna River, 50 miles north of Harrisburg, and 38 miles from Williamsport. It is a small college town (Susquehanna University) in a rural area. Approximately 23,000 residents live within the boundaries of the Selinsgrove Area School District. The district includes one elementary school (**K-2**), an intermediate school (**3-5**), a middle school (**6-8**), and a high school (**9-12**).

Vision Statement

We envision the Selinsgrove Area School District to be a premier, exemplary student-centered organization where everyone shares the commitment to the education and development of each student. Our educational system will provide a customized, personal learning environment that will enable each student to graduate demonstrating competency of 21st century skills including critical thinkers, self-directed learners, collaborative workers, quality employees, proficient users of technology and contributing members of a global society.

Shared Values

- ◆ We believe all students can learn and succeed given appropriate standards-based curriculum and research based instruction.
- ◆ We believe staff and facilities should provide a supportive, safe, and secure environment in which to learn.
- ◆ We believe each student is unique and the educational experience should encourage and develop creativity and imagination.
- ◆ We believe educational excellence must be supported by continuous evaluation of facilities and resources, effective instructional practices, and competent use of technology.
- ◆ We believe education is a life –long pursuit and students must be equipped with the skills for success to meet the challenges of an ever -changing global society.
- ◆ We believe in dedication to excellence and high academic expectations while maintaining fiscal responsibility.
- ◆ We believe academic excellence is achieved through quality instruction supported by continuous, focused staff development which models life-long learning.
- ◆ We believe education should promote character development, ethical behavior, and a positive self-image leading to being responsible citizens.
- ◆ We believe effective leadership at all levels is essential to the success of our educational program.
- ◆ We believe encouragement and support of innovation, flexibility, and creativity is necessary in order to successfully adapt to change..
- ◆ We believe that the school students, family, and community should have shared responsibility and shared decision-making in the educational process through collaboration and communication.
- ◆ We believe excellence in all areas is identifiable, measurable, achievable, and worthy of pursuit.
